### General information for our Holiday Programme:

- Please ensure your child brings their own snacks, lunch and a full drink bottle of water (just like they would for school).
- Please ensure that your child applies sunscreen each morning before attending the programme. If your child requires a specific type of sunscreen, please provide this as we reapply throughout the day. All children require a sun hat to play outside.
- We aim to play outside, with water on warm days, as much as possible. We suggest packing a change of clothes. Please ensure all clothing and other items brought to BBs are clearly named.
- **Many of our activities involve working with different materials and preparing and eating different foods. Therefore, it is crucial that our staff are aware of any food allergies and/or dietary requirements that your child may have. Please speak directly with the venue staff on your first day of attending.**

Please check your most recent booking confirmation email or log into your account to ensure your child(ren) are booked into the programme as you expect.

Your child(ren) can be dropped off/collected anytime within the booked session time however please advise the venue if you will be dropping your child(ren) off much later than 9am to assist us with reconciling venue numbers for the day. On excursion and incursion days, please ensure your child is at the venue before 9am and collected as close to 3pm as possible, or after 3pm. This is to ensure your child is present and ready for travel or has returned from the trip, and to make the most of the activity.
